

RCT Scholarship Application

Today's Date: _____

There are a limited number of scholarships available each year and they are allocated based on need. The Scholarship Committee considers referrals and feedback from guidance counselors, teachers, community leaders and parents in addition to an application and audition. If it is determined that you do not qualify for a scholarship a payment plan will be offered. Consideration for scholarship is dependent on completed application with tax return or proof of public assistance (both parents where applicable), zero balance from past programs.

Section A

Child's Name _____

Age _____

Child's Ethnicity: Caucasian African-American Hispanic Asian
 Native-American Other (please specify)
